MANAGEMENT COMMENTARY

Introduction

This management commentary provides an overview of progress against the objectives and strategy of the Edinburgh Integration Joint Board (EIJB). It considers our financial performance for the year ended 31st March 2019 and gives an indication of the issues and risks which may impact upon our finances in the future.

Role and remit

EIJB was established as a body corporate by order of Scottish Ministers on 27th June 2015 under the Public Bodies (Joint Working) (Scotland) Act 2014. As a separate and distinct legal entity from City of Edinburgh Council and NHS Lothian, we are responsible for planning the future direction of and overseeing the operational delivery of integrated health and social care services for the citizens of Edinburgh. These services are largely delivered by the Edinburgh Health and Social Care Partnership (the Partnership) although some are managed by NHS Lothian on our behalf. These are referred to as "hosted" or "set aside" services. The arrangements for EIJB's operation, remit and governance are set out in the integration scheme which has been approved by the City of Edinburgh Council, NHS Lothian and the Scottish Government.

EIJB meets monthly and has ten voting members: five elected members appointed by City of Edinburgh Council; and five NHS Lothian non-executive directors appointed by NHS Lothian. Non-voting members of the Board include the EIJB Chief Officer, Chief Finance Officer, representatives from the third sector and citizen members. Service and staffing representatives also sit on the Board as advisory members.

2018/19 was our third year of operation and we saw a number of changes in the management and governance arrangements with the arrival of a new Chief Officer, Head of Operations and Interim Head of Strategic Planning as well as some changes in voting and non-voting members. EIJB also began working with the Good Governance Institute (GGI) at the beginning of 2019 in a determined effort to strengthen its governance, decision making and in setting directions. Our work with the GGI will continue throughout the next reporting period.

Strategic Plan

Edinburgh's population of almost half a million, accounts for 9% of the total population of Scotland and is projected to increase faster than any other area of the country; with a higher rate of growth in some age groups than others. Whilst this growth has many social and economic advantages, it also presents challenges. Although a relatively affluent city, Edinburgh has areas of significant inequality and 'deprivation' and one of our key priorities is to lead, where possible, on tackling health and social inequalities. Using our budget of around £700 million, delegated from NHS Lothian and the City of Edinburgh Council, we fund community health and social care services, including GP practices and some elements of acute hospital services.

Our strategic plan sets out how these health and social care services will be developed and changed using the resources available to meet the changing needs of the population and achieve better outcomes for people. 2018/19 was the final year of implementing our first strategic plan and the IJB agreed the new plan, which will run until 2022, at its meeting in August 2019. This explains our intention to be the first in Scotland to embrace the "three conversations model" at scale, as a strategic and cultural framework. At its heart, the Strategic Plan seeks to deliver health and social care services in a way that supports people to be well at home, and in their community, for as long as possible. Providing first class acute hospital care only when medical intervention is required; aiming to provide the right care, at the right time, in the right place.

It also sets out how we will involve partners in the design of our performance and quality systems, to provide simple access for service users and build on the strong foundation of the 'good conversations' approach. This will require cultural change, a more integrated approach involving the evolution of fully integrated teams and a deliberate shift towards community-based services.

The figure below shows the seven guiding principles we have identified which must remain at the heart of our planning and operational delivery:

Operational Review

We published our third annual performance report at the end of July 2019 which provides a review of the progress both EIJB and the Partnership made during 2018/19 in terms of:

- delivery against the six priorities in our strategic plan 2016-19;
- delivery against the National Health and Wellbeing Outcomes; and
- our financial performance.

Although this has been a period where we have encountered challenges, we can also evidence gradual and prolonged improvements in performance across a range of areas. In the area of delayed discharge, a longstanding aspect of poor performance, we have driven the numbers down consistently against our planned trajectory. There has also been sustained improvement in the number of people waiting for assessment and waiting for packages of care. In primary care, we have seen positive improvements with a further 6,000 new citizens registered with our general practitioners, and a new, multi-disciplinary workforce beginning to be introduced into our primary care teams. Notably, pharmacists and mental health nurses have begun to make an impact and our link worker network - supporting practices in areas of economic deprivation - is being augmented with a strengthened welfare rights capacity through our third sector partners.

Whilst we welcome these improvements there is much still to do and we are not complacent. As integration in health and social care evolves, we continue to strive to provide the best level of care for the citizens of Edinburgh.

We continue to seek to find ways to improve outcomes for people and be innovative in our approaches against a backdrop of a rising population, changing patterns of health and care need and ongoing, significant financial pressure. It is still taking longer than we would wish for some of our citizens to be assessed and in receipt of the care they require but we are steadily improving. Fewer people are now delayed in an acute hospital when ready to go home, and those that are delayed, are delayed for a shorter time than previously. There is also much still to be done to support unpaid carers through our carers' strategy and improve integration in our workforce. These workstreams will maximise our resources and support our valued and hard-working staff. We will continue to focus on these areas in the coming year.

Annual Accounts 2018/19

The annual accounts report the financial performance of EIJB. The main purpose is to demonstrate the stewardship of the public funds that have been entrusted to us for the delivery of our vision and strategic priorities. The requirements governing the format and content of IJBs' annual accounts are contained in The Code of Practice on Local Authority Accounting in the United Kingdom (the Code). These annual accounts have been prepared in accordance with this code.

Financial Performance

The financial plan sets out how we ensure our limited resources are targeted to maximise the contribution to our objectives. A financial assurance process was undertaken on the 2018/19 funding contributions from NHS Lothian and the City of Edinburgh Council. Through this process a savings requirement of £26.6m against projected income of £633.2m was identified. Funding adjustments during the year increased this budget to £727.7m.

EIJB's financial performance for the year is presented in the comprehensive income and expenditure statement, which can be seen on page 20. The balance sheet (page 21) is also presented and sets out the liabilities and assets at 31st March 2019.

For the year we are reporting a surplus of £1.3m which brings the total value of the EIJB's reserve to £9.7m. We are in the process of agreeing how these will be applied in 2019/20 recognising the need to balance existing commitments, our ambitions for supporting transformational change and the requirement to balance the in year financial plan.

The in-year surplus was achieved by both the City of Edinburgh Council and NHS Lothian agreeing additional one off contributions: £7.5m from the Council and £3.0m from NHS Lothian. These additional payments reflect some of the significant and long standing financial pressures we face, notably:

- Externally purchased services (including care at home) continues to be the single most significant financial challenge facing the IJB with a reported in year overspend of £6.3m. Demographic factors continue to drive demand for these services, as this is also evidenced in the continuing growth in direct payments and individual service funds. This level of overspend is in line with financial projections reported throughout the year and has been factored into the baseline position for budget planning for the next financial year;
- NHS Lothian **set aside** budgets overspent by £2.6m in the year. Overall pressures in set aside budget accounts for the majority of the NHS position and this will be addressed in partnership with NHS Lothian and the 3 other IJBs in the area in 2019/20; and
- Delivery of savings and recovery plans remained a challenge during the year. We have since agreed a challenging programme of efficiency for 2019/20 and delivering this will be one of our key financial challenges.

It will be important moving forward to 2019/20 and future years that expenditure is managed within the financial resources available and this will require close partnership working between EIJB as service commissioner and the City of Edinburgh Council and NHS Lothian as providers of services.

Financial Outlook, Risks and Plans for the Future

Like many other public sector organisations, we face significant financial challenges and, due to the continuing difficult national economic outlook and increasing demand for services, will need to operate within tight fiscal constraints for the foreseeable future. Pressures on public sector expenditure are expected to continue, both at a UK and Scottish level. As a result our partners in NHS Lothian and City of Edinburgh Council will face continued funding pressures for the foreseeable future. This in turn will impact on their ability to resource the functions delegated to the EIJB. In this financial climate, we recognise that returning to a balanced position will require major redesign of services, radical changes in thinking and approach, and the involvement of all partners and stakeholders.

Many of the considerable challenges we face have significant financial consequences and we face a complex landscape of interconnected risks. Examples include:

- increased demand for services alongside reducing resources;
- impact of demographic changes;
- delays in accessing appropriate services, including social care assessments, reviews and timely discharge from hospital;
- impact of welfare reform on the residents of Edinburgh;
- impact of the living wage and other nationally agreed policies;
- risk that the savings programme does not deliver within the required timescales or achieve the desired outcomes; and
- costs associated with meeting new legislative requirements without adequate resources being put in place.

These risks mean that money is tighter than ever before. It is therefore crucial that we focus on early intervention, prevention and recovery if we are to work within the total annual budget of just over £700 million. Moving into 2019/20, we are working to proactively address the funding challenges presented while, at the same time, improving outcomes for the residents of Edinburgh.

Our change programme is encapsulated within the strategic plan, but while we think about change in the medium to longer term, and put in place the programme and engage with our teams and stakeholders on our plans, we also have to make savings. Our approach is to focus in the immediate term mainly on "grip and control" measure s. In the medium to longer term, we are confident of achieving efficiencies that assist in delivering financial balance through redesign and outputs from transformation through the change programme. The broad approach is set out in the following schematic:

Conclusion

Thus, the IJB faces the twin challenges of: increasing demand for services; and a climate of constrained financial resources. In this context, the development and implementation of a strategic approach to financial planning over the next 3–5 years is essential to support the sustainability of health and social care delivery in Edinburgh.

STATEMENT OF RESPONSIBILTIES

STATEMENT OF RESPONSIBILITIES FOR THE STATEMENTS OF ACCOUNT

Responsibilities of the Edinburgh Integration Joint Board

The Edinburgh Integration Joint Board is required:

- to make arrangements for the proper administration of its financial affairs and to secure that it has an officer responsible for the administration of those affairs. In this Integration Joint Board, that officer is the Chief Finance Officer;
- to manage its affairs to achieve best value in the use of its resources and safeguard its assets;
- ensure the Annual Accounts are prepared in accordance with legislation (The Local Authority
 Accounts (Scotland) Regulations 2014), and so far as is compatible with that legislation, in
 accordance with proper accounting practices (section 12 of the Local Government in Scotland Act
 2003); and
- to approve the Annual Accounts.

I confirm that these Annual Accounts were approved for signature by the Edinburgh Integration Joint Board on 3rd September 2019.

Ricky Henderson Vice Chair of the Edinburgh Integration Joint Board 16th September 2019

Responsibilities of the Chief Finance Officer

As Chief Finance Officer, I am responsible for the preparation of the EIJB's statement of accounts which, in terms of the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom ("the Code of Practice"), is required to give a true and fair view of the financial position of the EIJB at the financial year end and its income and expenditure for the year then ended.

In preparing the financial statements I am responsible for:

- selecting suitable accounting policies and then applying them consistently;
- making judgements and estimates that are reasonable and prudent; and
- complying with the Code of Practice and legislation

I am also required to:

- keep proper accounting records which are up to date; and
- take reasonable steps to ensure the propriety and regularity of the finances of the EIJB.

Statement of Accounts

I certify that the Statement of Accounts presents a true and fair view of the financial position of the Edinburgh Integration Joint Board at the reporting date, and its income and expenditure for the year ended 31 March 2019.

Moira Pringle Chief Finance Officer 16th September 2019

REMUNERATION REPORT

The Chief Officer of the Edinburgh Integration Joint Board (EIJB) is a joint appointment between City of Edinburgh Council, NHS Lothian and the EIJB. The terms and conditions, including pay for the post, are those set by the City of Edinburgh Council, who employ the post holder directly and recharge the costs to EIJB and NHS Lothian.

The EIJB Chief Financial Officer is appointed by the EIJB and is supplied without charge by NHS Lothian and the associated costs are included in the support costs disclosed in note 4.

The voting members of the EIJB are appointed by the respective partner bodies (NHS Lothian and City of Edinburgh Council). The voting members from NHS Lothian and City of Edinburgh Council in the period April 2018 to March 2019 were:

M. Ash	NHS	R. Aldridge	CEC
M. Hill	NHS	I. Campbell (left 06/02/19)	CEC
C. Hirst (Vice Chair)	NHS	G. Gordon (appointed 07/02/19)	CEC
A. Joyce (left 31/07/18)	NHS	R. Henderson (Chair)	CEC
A. McCann	NHS	M. Main	CEC
R. Williams (appointed 01/08/18)	NHS	S. Webber	CEC

The current voting members from NHS Lothian and City of Edinburgh Council are:

C. Hirst (Vice Chair)	NHS	R. Henderson (Chair)	CEC
M. Ash	NHS	R. Aldridge	CEC
M. Hill	NHS	G. Gordon	CEC
A. McCann	NHS	M. Main	CEC
R. Williams	NHS	S. Webber	CEC

Councillor Henderson and NHS Non-Executive Director C. Hirst will finish their rotations as Chair and Vice Chair respectively, effective 27th June 2019. As of this date NHS Non-Executive Director A. McCann will take the position of Chair, Councillor Henderson will take the position of Vice Chair, and C. Hirst will step down as a Board member. Voting members are able through their parent bodies to reclaim any expenses. In the year to 31 March 2019, no expense claims were made in relation to work on the EIJB. The Chair of the EIJB was in receipt of additional remuneration in 2018/19 relating to his duties for the EIJB of £14,745 (£8,464 2017/18). The Vice-Chair of the EIJB was in receipt of additional remuneration in 2018/19 relating to her duties for the EIJB of £8,416 (£8,251 2017/18). No allowances were paid to other voting members during the year. The remuneration and pension benefits received by all voting members in 2018/19 are disclosed in the remuneration reports of their respective employer.

Remuneration Paid to Senior Officers

		Year to 31/03/2019		
	Salary, fees and allowances (£)	Total remuneration (£)	Full Year Effect (£)	Total remuneration (£)
R McCulloch-Graham, EIJB Chief Officer (to 28/08/2017)	-	-	-	137,334
M Miller, EIJB Chief Officer (from 29/08/2017 to 30/06/2018)	37,998	37,998	151,990	88,940
J Proctor, EIJB Chief Officer (from 01/05/2018)	146,414	146,414	151,990	n/a
M Pringle, EIJB Chief Finance Officer	82,711	82,711	-	77,092

The above salary fees and allowances figure for J. Proctor include relocation costs of £7k.

Pension benefits

Pension benefits for the Chief Officer and Chair of the EIJB are provided through the Local Government Pension Scheme (LGPS). Pension benefits for the Chief Finance Officer are provided through the NHS New Pension Scheme (Scotland) 2015.

Local Government Pension Scheme

For local government employees, the Local Government Pension Scheme LGPS became a career average pay scheme on 1 April 2015. Benefits built up to 31 March 2015 are protected and based on final salary. Accrued benefits from 1 April 2015 will be based on career average salary.

The scheme's normal retirement age is linked to the state pension age (but with a minimum age of 65).

From 1 April 2009, a five-tier contribution system was introduced with contributions from scheme members being based on how much pay falls into each tier. This is designed to give more equality between the cost and benefits of scheme membership.

The contribution rates for 2018/19 were as follows:

Whole Time Pay	Contribution rate
On earnings up to and including £21,300 (2017/18 £20,700)	5.50%
On earnings above £21,300 and up to £26,100 (2017/18 £20,700 to £25,300)	7.25%
On earnings above £26,100 and up to £35,700 (2017/18 £25,300 to £34,700)	8.50%
On earnings above £35,700 and up to £47,600 (2017/18 £34,700 to £46,300)	9.50%
On earnings above £47,600 (2017/18 £46,300)	12.00%

If a person works part-time their contribution rate is worked out on the whole-time pay rate for the job, with actual contributions paid on actual pay earned.

The value of the accrued benefits has been calculated based on the age at which the person will first become entitled to receive a pension on retirement without reduction on account of its payment at that age; without exercising any option to commute pension entitlement into a lump sum; and without any adjustment for the effects of future inflation.

NHS Pension Scheme (Scotland) 2015

The NHS Board participates in the NHS Superannuation Scheme (Scotland). The scheme is an unfunded statutory public service pension scheme with benefits underwritten by the UK Government. The scheme is financed by payments from employers and from those current employees who are members of the scheme and paying contributions at progressively higher marginal rates based on pensionable pay, as specified in the regulations. The rate of employer contributions is set with reference to a funding valuation undertaken by the scheme actuary. The last four-yearly valuation was undertaken as at 31 March 2012. The next valuation will be as at 31 March 2016 and this will set contribution rates from 1 April 2019. The NHS board has no liability for other employers' obligations to the multi-employer scheme. In 2017-18 members paid tiered contribution rates ranging from 5.2% to 14.7% of pensionable earnings.

For NHS employees, the NHS Superannuation Scheme became a career average pay scheme from 1 April 2015. Benefits built up to 31 March 2015 are protected and based on final salary. Accrued benefits from 1 April 2015 will be based on career average salary.

Accrued Benefits

The pension figures shown below relate to the benefits that the person has accrued as a consequence of their total local government service, and not just their current appointment.

The pension entitlements of senior officers and current voting members for the period to 31 March 2019 are shown in the table below, together with the employer contribution made to the employee's pension during the year. Where accrued pension benefits are not shown in the table below, this indicates the employee has been a member of the pension scheme for less than 2 years.

	Employer In-Year Contribution			Accrued Pension Benefit	
	For year to 31/03/19	For year to 31/03/18		As at 31/03/19 £000	Difference from 31/03/18 £000
R McCulloch-Graham, EIJB Chief	-	- 13,090	Pension	n/a	n/a
Officer (to 28/08/2017)			Lump Sum	n/a	n/a
M Miller, EIJB Chief Officer	8,196	17,877	Pension	61	6
(from 29/08/2017 to 30/06/2018)		17,877	Lump Sum	115	10
J Proctor, EIJB Chief Officer (from	30,053	2/2	Pension	n/a	n/a
01/05/2018)		30,053	n/a	Lump Sum	n/a

B Handarson Chair	7.040	5.244	Pension	6	1
Henderson, Chair	7,010	5,314	Lump Sum	2	0

The Vice Chair of the EIJB is not a member of the Local Government Pension Scheme or the NHS Pension scheme; therefore, no pension benefits are disclosed.

All information disclosed in the tables in this remuneration report will be audited by Scott-Moncrieff. Scott-Moncrieff will review other sections of the report to ensure that they are consistent with the financial statements.

ANNUAL GOVERNANCE STATEMENT

Annual Governance Statement

Scope of Responsibility

The Edinburgh Integration Joint Board (EIJB) is responsible for ensuring that its business is conducted in accordance with the law and appropriate standards, that public money is safeguarded and properly accounted for, and that arrangements are in place to secure best value.

In discharging this responsibility, the EIJB and the Chief Officer have put in place arrangements for governance which include robust internal controls, including the management of risk.

Governance Framework

The governance framework comprises the systems and processes, culture and values, by which the EIJB is controlled and directed. It enables the EIJB to monitor the progress with its strategic priorities and to consider whether those objectives have led to the delivery of appropriate services and value for money.

A key element of the EIJB's governance framework is its formal committee and sub-groups. These groups provide additional layers of governance, scrutiny and rigour to the business of the EIJB. Their different roles, covering the wide spectrum of the EIJB's business, allow increased scrutiny and monitoring and the focus and capability to provide the EIJB with the necessary assurance.

Board and Committee Structures

The EIJB has been responsible for health and social care functions in Edinburgh since 1 April 2016. The Board consists of 10 voting members of which five are non-executive directors of NHS Lothian and five are councillors from the City of Edinburgh Council. There are also a number of non-voting members both appointed due to the statutory requirements and to provide more varied experience and knowledge to the Board. The chair of the Board rotates from NHS Lothian and the City of Edinburgh Council every two years.

The Strategic Planning Group (SPG) was formally established in May 2016. It is chaired by the vice-chair of the EIJB.

The Audit and Risk Committee is a key component of creating a strong governance culture. Its role is to assist the EIJB in ensuring that there is a robust framework in place to provide assurance on risk management, governance and internal control. It also scrutinises internal and external audits and can make recommendations to the EIJB on any matter within its remit.

A work programme including annual approval of IJB accounts, internal audit charter, internal audit plan and chief internal auditor opinion has been established. The Committee also annually considers the external audit plan and external auditor's opinion.

The EIJB has also retained the Professional Advisory Group. This group was created in 2012 prior to the development of IJB's under the Public Bodies (Scotland) Act and provides professional guidance to the EIJB. It has membership on the EIJB and the Strategic Planning Group

A Lothian Integrated Care Forum was established in 2019 with its first meeting set for April 2019. This is a forum for the four IJBs in the Lothian area with NHS Lothian and four Councils to discuss matters of similar interest and take a more collective approach to strategic matters. The Chair and Vice-Chair of the Board will represent the EIJB on the forum.

The Chief Officer commissioned an independent review of governance by the Good Governance Institute (GGI) in May 2018 which looked at the EIJB's structures and processes. The GGI reported their findings in December 2018 concluding that the EIJB did need to take action to strengthen its governance.

The EIJB agreed to implement the recommendations of the GGI which would include a major overhaul of the committees and sub-groups of the EIJB and which aimed to provide further clarity on lines of accountability and reporting with a view to streamlining reporting arrangements. The review also set out an escalation framework. A further programme of development will now take place across 2019/20 to implement recommendations.

Internal Controls

As required by the legislation, the EIJB has appointed a Chief Officer and a Chief Finance Officer. It has also appointed a Chief Internal Auditor, a Standards Officer and a Data Protection Officer.

The EIJB has agreed the following governance documentation:

- Financial Regulations Section 95 of the Local Government (Scotland) Act 1973 requires all IJBs to
 have adequate systems and controls in place to ensure the proper administration of their financial
 affairs. The EIJB has agreed a set of financial regulations which are supported by a series of financial
 directives and instructions with clear lines of delegation to the Chief Finance Officer to carry out that
 function.
- A Code of Conduct for the members of the EIJB has been agreed and made available to all members. Compliance with the Code of Conduct is regulated by the Standards Commission for Scotland. Training is provided to members on the Code of Conduct.
- A set of Standing Orders has been agreed which sets out the rules governing the conduct and proceedings at the EIJB and its committees. The Standing Orders include rules on the notice of meetings and how voting and debate should be conducted.

The EIJB and the Audit and Risk Committee both have a rolling actions log which helps the groups monitor the implementation of decisions.

A deputation process has been agreed by the EIJB which allows and encourages groups to directly address the Board on issues under consideration.

In 2018/19 the EIJB amended the risk register by dividing it into EIJB and Edinburgh Health and Social Care Partnership risks. This allowed the EIJB to focus on its roles and responsibilities, concentrating on risks regarding strategy, scrutiny and performance. This was rolled out in the previous year with risks being classified against strategic planning and commissioning, issue of directions and management and role of the IJB.

A communications plan was agreed in February 2019 which aimed to communicate the role of the EIJB, improve public access to the Board, increase stakeholder engagement and support the ongoing development of EIJB members through an induction and development programme.

In May 2018 a tactical resilience plan was rolled out which aimed to address risks and safety issues whilst promoting multi-agency co-operation.

A Quality and Improvement Group is in place which is multi-disciplinary and spans Health and Social Care Partnership services and those services commissioned or purchased externally.

The Health and Social Care Partnership Procurement Board exercises oversight of all proposals to award, extend or terminate contracts with third party providers.

A financial plan is in place which focuses on the impacts of the financial settlements and outlines inherent risks. A new plan is submitted annually.

Insurance against legal liability for neglect, error or omission by any employee in the performance of their duties in relation to work on the IJB is arranged through CNORIS (NHS Lothian's self-insurance scheme). This is reviewed on an annual basis.

A Savings Governance Board has been established that oversees financial savings and is chaired by the Chief Officer. It monitors progress against targets and identifies appropriate remedial action.

A health and safety group has been established with a cross-section of staff in the Partnership making up its membership.

The Edinburgh Integration Joint Board (EIJB) has information governance responsibilities in relation to strategic planning and delegated functions which it determines and directs with its partners. To achieve appropriate governance in this area, a memorandum of understanding (MOU) has been agreed between the EIJB, NHS Lothian and the City of Edinburgh Council that ensures responsibilities are clearly set out and understood. A pan-Lothian information sharing protocol has also been put in place.

A streamlined programme structure for delivering real transformation, involvement of partners and stakeholders, alongside a refreshed governance structure was agreed in early 2019. This single programme would include a delivery mechanism for the strategic commission plans, improvement planning in response to the Joint Inspection report for Older People Services and the associated action plan and the financial savings and efficiencies programme.

A performance report is considered monthly by the Health and Social Care Partnership management.

Review of Effectiveness

The EIJB has responsibility for reviewing the effectiveness of the governance arrangements including the internal controls.

This review of effectiveness is informed by:

- The Chief Officer annual assurance for the EIJB and the health and social care Partnership.
- Officer management activities;
- The Chief Internal Auditor's annual report and internal audit reports;
- Reports from the Council's external auditor; and
- Reports by external, statutory inspection agencies.

The evidence of effectiveness from these sources includes:

- The GGI identified that there had been a natural maturing of the governance of the EIJB and that a significant overhaul of the EIJB's committee structure was now necessary;
- The GGI identified a lack of an EIJB code of governance which sets out the governing principles of the EIJB:
- Standing orders are reviewed annually in a report to the EIJB, to ensure they are up to date and relevant;
- The Health and Social Care Partnership's contract management framework is subject to annual internal review;
- Internal audit identified a lack of committee oversight of performance since the performance and quality sub-group was suspended. Performance objectives had also not been identified for all directions;
- Performance was considered at the Board, but changes are being made to provide a more robust structure that will give greater assurance to the EIJB. A performance and delivery committee is set to be created which will provide more in-depth monitoring and scrutiny of performance and a new performance framework is being developed;
- The annual performance report was presented to the EIJB in August 2019 and published by 31st July 2019 as per the requirements of the legislation;
- The Care Inspectorate and Healthcare Improvement Scotland visited the Partnership and produced a
 Progress Review of Older People's Services in Edinburgh. This highlighted some areas of reasonable
 or good progress but on the whole identified limited progress against the majority of the
 recommendations in the original report. The recast action plan, which seeks to ensure a more
 strategic approach to improvement, aligned to the partnership's transformation and change
 programme was agreed by EIJB in February 2019;
- A series of resilience workshops took place during the year to further develop individual service area operational resilience plans based on the tactical resilience plan;
- A quarterly internal audit update detailing internal audit activity on behalf of the EIJB is submitted to the Audit and Risk Committee;
- The Chief Internal Auditor provides an annual audit opinion. For 2018/19 this is: "Internal Audit considers that significant enhancements are required to the EIJB control environment and governance and risk management frameworks and is therefore reporting a 'red' rated opinion, with our assessment towards the middle of this category". This opinion is based on the outcomes of four audits included in the EIJB 2018/19 Internal Audit annual plan and the status of open and overdue EIJB IA findings as at 31 March 2019. It is also informed by the outcomes of relevant Edinburgh Health and Social Care Partnership (the Partnership) internal audit reports referred to the EIJB by the City of Edinburgh Council Governance, Risk, and Best Value Committee and the NHS Lothian Audit and Risk Committee, and the status of any open and overdue Partnership IA findings.
- Progress in implementing recommendations from previous audit reports has been closely tracked by the Chief Officer and the Audit and Risk Committee. However, a validation exercise in late 2017/early 2018 identified that there were some historic audit actions that had not been implemented. An action plan has been created to address the outstanding actions;
- Regular finance monitoring reports are presented to the EIJB and Council and NHS committees.
 Monitoring arrangements have been effective in identifying variances and control issues and taking appropriate action. This has included allocating funds to offset unachieved saving plans;

- An EIJB induction is in place for all new voting and non-voting members;
- A records management plan was agreed in December 2018 with the scrutiny and oversight of the improvement plan being delegated to the Audit and Risk Committee;
- Data protection impact assessments were being prepared to document information governance operational processes and ensure significant control gaps were identified and resolved;
- Internal Audit had identified that information governance processes were not sufficiently mature to support data sharing although there was an acknowledgement that work was ongoing to improve this situation;
- An action plan was created to track improvements following on from the review carried out by the Ministerial Strategic Group;
- After a period of temporary chairs, a new permanent Audit and Risk Committee chair was appointed;
- A comprehensive grants programme for health and social care was delivered. This was a complex
 piece of work to ensure the allocation of funds was fair, accessible and best aligned with EIJB's
 strategy. The programme with a budget of £14.1m was significantly oversubscribed with 152
 applications requesting £31m.

Previous Year's Improvement Actions

	Issue	Responsible Party	Status
1	Further improvement and development of the mitigating actions for the new separate EIJB Risk Register	Chief Officer	Complete

5	Agreement of a Reserves Policy	Chief Officer	August 2019
6	Development of an integrated performance framework	Chief Officer	October 2019

Items 4 and 5 on this action plan were agreed by EIJB in August 2019, in line with the deadline.

Certification

It is our opinion that in light of the foregoing, reasonable assurance, subject to the matters raised above, can be placed on the effectiveness and adequacy of the EIJB's systems of governance.

Conclusion

We remain committed to monitoring implementation as part of the next annual review.

NOTES TO ACCOUNTS

1. ACCOUNTING POLICIES

1.1 General Principles

The Annual Accounts for the year ended 31 March 2019 have been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2018/19 (the Code) and the Service Reporting Code of Practice. This is to ensure that the accounts 'present a true and fair view' of the financial position and transactions of the Edinburgh Integration Joint Board (EIJB).

1.2 Accruals of Income and Expenditure

The revenue accounts have been prepared on an accruals basis in accordance with the Code of Practice

1.3 VAT Status

The EIJB is a non-taxable person and does not charge or recover VAT on its functions.

1.4 Going Concern

The accounts are prepared on a going concern basis, which assumes that the EIJB will continue in operational existence for the foreseeable future.

1.5 Funding

Edinburgh Integration Joint Board receives contributions from its funding partners, namely NHS Lothian and the City of Edinburgh Council to fund its services.

Expenditure is incurred in the form of charges for services provided to the EIJB by its partners.

1.6 Provisions, Contingent Liabilities and Assets

Contingent assets are not recognised in the accounting statements. Where there is a probable inflow of economic benefits or service potential, this is disclosed in the notes to the financial statements.

Contingent liabilities are not recognised in the accounting statements. Where there is a possible obligation that may require a payment, or transfer of economic benefit, this is disclosed in the notes to the financial statements

The value of provisions is based upon the Board's obligations arising from past events, the probability that a transfer of economic benefit will take place and a reasonable estimate of the obligation.

1.7 Employee Benefits

The Chief Officer is regarded as an employee of the EIJB, although her contract of employment is with City of Edinburgh Council. The LGPS is a defined benefit statutory scheme, administered in accordance with the Local Government Pension Scheme (Scotland) Regulations 1998, as amended. The post is

funded by the EIJB however the statutory responsibility for employer pension liabilities rests with the employing partner organisation (City of Edinburgh Council).

The Chief Financial Officer is regarded as an employee of the EIJB, although her contract of employment is with NHS Lothian. NHS Lothian participates in the NHS Superannuation Scheme (Scotland) which is a defined benefit statutory public service pension scheme, with benefits underwritten by the UK Government.

The remuneration report presents the pension entitlement attributable to the posts of the EIJB Chief Officer, Chief Financial Officer and Chair of the EIJB although the EIJB has no formal ongoing pension liability. On this basis, there is no pension liability reflected on the EIJB balance sheet for these posts.

1.8 Cash and Cash Equivalents

The EIJB does not hold a bank account or any cash equivalents. Payments to staff and suppliers relating to delegated services will be made through cash balances held by the partner organisations (NHS Lothian and City of Edinburgh Council). On this basis, no Cash Flow statement has been prepared in this set of Annual Accounts.

1.9 Reserves

The Integration Joint Board is permitted to set aside future amounts of reserves for future policy purposes. These reserves normally comprise: funds which are set aside for specific purposes; and funds which are not earmarked for specific purposes but are set aside to deal with unexpected events or emergencies. They are created by appropriating amounts out of revenue balances. When expenditure to be funded from a reserve is incurred, it is charged to the appropriate service in that year and thus included in the Comprehensive Income and Expenditure Statement. Movements in reserves are reported in the Movement of Reserves Statement.

The EIJB has one usable reserve, the General Fund which can be used to mitigate financial consequences of risks and other events impacting on the Boards resources. The utilisation of the monies within this fund is agreed by EIJB.

1.10 Support Services

Support services are not delegated to the EIJB through the Integration scheme, and are instead provided by NHS Lothian and the City of Edinburgh Council free of charge, as a 'service in kind'. Support services provided mainly comprise the provision of financial management, human resources, legal services, committee services, ICT, payroll and internal audit services.

2. RELATED PARTY TRANSACTIONS

The Edinburgh Integration Joint Board was established on 27 June 2015 as a joint board between City of Edinburgh Council and NHS Lothian. The income received from the two parties was as follows:

	31/03/2019 £000	31/03/2018 £000
NHS Lothian City of Edinburgh Council	-518,177 -209,001	-511,593 -197,357

9. FUNDING ANALYSIS

The expenditure and funding analysis shows how annual expenditure is used and funded from resources in comparison with how those resources are consumed or earned in accordance with generally accepted accounting practice. In essence this demonstrates the difference between expenditure on an accounting basis and a funding basis. For EIJB no such difference applies and the information required is disclosed elsewhere in the financial statements

10. INDEPENDENT AUDITOR'S REPORT

OPINION ON FINANCIAL STATEMENTS

We certify that we have audited the financial statements in the annual accounts of Edinburgh Integration Joint Board for the year ended 31 March 2019 under Part VII of the Local Government (Scotland) Act 1973. The financial statements comprise the Comprehensive Income and Expenditure Statement, Balance sheet and Movement in Reserves Statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union, and as interpreted and adapted by the Code of Practice on Local Authority Accounting in the United Kingdom 2018/19 (the 2018/19 Code).

In our opinion the accompanying financial statements:

- give a true and fair view in accordance with applicable law and the 2018/19 Code of the state of
 affairs of Edinburgh Integration Joint Board as at 31 March 2019 and of its income and expenditure
 for the year then ended;
- have been properly prepared in accordance with IFRSs as adopted by the European Union, as interpreted and adapted by the 2018/19 Code; and
- have been prepared in accordance with the requirements of the Local Government (Scotland) Act 1973, The Local Authority Accounts (Scotland) Regulations 2014, and the Local Government in Scotland Act 2003.

Basis for opinion

We conducted our audit in accordance with applicable law and International Standards on Auditing (UK) (ISAs (UK)), as required by the Code of Audit Practice approved by the Accounts Commission for Scotland. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We were appointed by the Accounts Commission on 31 May 2016. The period of total uninterrupted appointment is 3 years. We are independent of Edinburgh Integration Joint Board in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. Non-audit services prohibited by the Ethical Standard were not provided to Edinburgh Integration Joint Board. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern basis of accounting

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Chief Financial Officer has not disclosed in the financial statements any identified material
 uncertainties that may cast significant doubt about Edinburgh Integration Joint Board's ability to
 continue to adopt the going concern basis of accounting for a period of at least twelve months from
 the date when the financial statements are authorised for issue.

Risks of material misstatement

We have reported in a separate Annual Audit Report, which is available from the Audit Scotland website, the most significant assessed risks of material misstatement that we identified and our conclusions thereon.

Responsibilities of the Chief Financial Officer and Edinburgh Integration Joint Board for the financial statements

As explained more fully in the Statement of Responsibilities, the Chief Financial Officer is responsible for the preparation of financial statements that give a true and fair view in accordance with the financial reporting framework, and for such internal control as the Chief Financial Officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Chief Financial Officer is responsible for assessing Edinburgh Integration Joint Board's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless deemed inappropriate.

Edinburgh Integration Joint Board is responsible for overseeing the financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, intentional omissions, misrepresentations, or the override of internal control. The capability of the audit to detect fraud and other irregularities depends on factors such as the skilfulness of the perpetrator, the frequency and extent of manipulation, the degree of collusion involved, the relative size of individual amounts manipulated, and the seniority of those individuals involved. We therefore design and perform audit procedures which respond to the assessed risks of material misstatement due to fraud.

A further description of the auditor's responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Other information in the annual accounts

The Chief Financial Officer is responsible for the other information in the annual accounts. The other information comprises the information other than the financial statements, the audited part of the Remuneration Report, and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon except on matters prescribed by the Accounts Commission to the extent explicitly stated later in this report.

In connection with our audit of the financial statements, our responsibility is to read all the other information in the annual accounts and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

REPORT ON OTHER REQUIREMENTS

Opinions on matters prescribed by the Accounts Commission

In our opinion, the audited part of the Remuneration Report has been properly prepared in accordance with The Local Authority Accounts (Scotland) Regulations 2014.

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Management Commentary for the financial year for which the financial statements are prepared is consistent with the financial statements and that report has been prepared in accordance with statutory guidance issued under the Local Government in Scotland Act 2003; and
- the information given in the Annual Governance Statement for the financial year for which the financial statements are prepared is consistent with the financial statements and that report has been prepared in accordance with the Delivering Good Governance in Local Government: Framework (2016).

Matters on which we are required to report by exception

We are required by the Accounts Commission to report to you if, in our opinion:

- adequate accounting records have not been kept; or
- the financial statements and the audited part of the Remuneration Report are not in agreement with the accounting records; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Conclusions on wider scope responsibilities

In addition to our responsibilities for the annual accounts, our conclusions on the wider scope responsibilities specified in the Code of Audit Practice are set out in our Annual Audit Report.

USE OF OUR REPORT

This report is made solely to the parties to whom it is addressed in accordance with Part VII of the Local Government (Scotland) Act 1973 and for no other purpose. In accordance with paragraph 120 of the Code of Audit Practice, we do not undertake to have responsibilities to members or officers, in their individual capacities, or to third parties.
