

## **Integrated Impact Assessment Statement**

### **2026/27 Savings and Recovery Programme**

#### **Community Rehab**

Edinburgh Community Rehabilitation and Support Service (ECRSS) provides specialist rehabilitation for people recovering from a stroke. The proposal is to review and redesign the ECRSS operational model to widen the offer to a broader population of people with neuro-rehabilitation needs and to ensure the service can support prompt hospital discharges.

An Integrated Impact Assessment will be carried out once scoping and redesign has been completed and the details of the change have been clarified.
